This document supports the “Registration deadlines year-round” and “Registration timeline September-start” documents, which outline the communications and deadlines for registration.

This document contains examples of contact that schools can make to non-registered students to encourage them to register, as template emails. This is not the only way to contact students, but is an easy format to use as an example.

The contacts are based on the best-practice expectation that students are made aware of registration by the following:
- Schools make at least three contacts with returning students
- Schools make at least two contacts with new students
- Operations make at least one contact with all students

The September registration timeline also notes the dates when the Operations team will be making some extra contact with students to assist schools.

The “steps” referred to on the templates are the steps on both registration timelines:
  1 – registration open (students can register)
  2 – warning date (students expected to register by this date)
  3 – registration deadline (students are withdrawn due to failure to register)

Further details about these steps are in the deadline and timeline documents. In turn, the templates are labelled with numbers, which are referenced on the timeline.

Full templates of the registration contact sent from the Operations team to students about registration can be requested from studentrecords@adm.leeds.ac.uk.
Template 1 (Step 1): Registration open

SUBJECT: Registration for 20xx/xx

Dear [student]

[ID]

Registration for your [20xx/xx] academic year is now open.

You are expected to register by [warning date]. Registration is a requirement of your studies each year – it confirms your details of study, fee payment, contact details and your agreement to the Student Contract.

New students must complete any academic verification checks if requested and verify their identity in person. All students should go to minerva.leeds.ac.uk Student Services area to complete the online registration steps as instructed.

Completion of these steps ensures you are registered at the University of Leeds for your next academic year. Failure to register will eventually result in your account being shut down and withdrawal from your studies at the University of Leeds, so it is vital that you do this as soon as possible.

If you have any problems with registration:

1. Read our guidance pages http://students.leeds.ac.uk/registration
2. Email registration@leeds.ac.uk or call the registration helpline on 0800 915 0402 (within UK) or 0113 343 7000 (outside UK)

If you still cannot register after trying the above, you must ensure you discuss your situation and have a plan agreed with the relevant department (admissions in relation to qualifications checks, the fees team in relation to fees, the International Student Office in relation to immigration permissions and documents, or your parent School for other or more complex queries) as soon as possible.

We look forward to having you register with us for the coming academic year.

Kind regards,

Template 2 (Step 1): Registration reminder

SUBJECT: Reminder - Registration for 20xx/xx

Dear [student]

[ID]

This is a reminder that registration for your [20xx/xx] academic year is open. Registration is a requirement of your studies each year. New students must complete any academic verification checks required and verify their identity in person. Both new and returning students should go to minerva.leeds.ac.uk Student Services area to complete the online registration steps.

Unless you are awaiting documentation to complete registration, you are expected to register by [warning date].

If you have any problems with registration:

1. Read our guidance pages http://students.leeds.ac.uk/info/10102/registration
2. Email registration@leeds.ac.uk or call the registration helpline on 0800 915 0402 (within UK) or 0113 343 7000 (outside UK)

If you still cannot register after trying the above, you must make sure you have discussed this and made arrangements for your registration with the Fees team or your parent School for registration. This may involve waiting for further documentation before you can progress further.

If you reach the above date and you are still not registered, please contact the relevant staff again. Failure to register will eventually result in your account being shut down and withdrawal from your studies at the University of Leeds, so it is vital that you take action as soon as possible.

We look forward to having you register with us for the coming academic year.

Kind regards
